

## **TRYSQUAAD / Information Security Policy**

**Effective as of May 31,2025**

### **DEFINITIONS.**

- **TRYSQUAAD:** Refers to the digital platform operated and managed by BRINNEX LLC, which facilitates the management and organization of sports services and other events.

### **1. INTRODUCTION.**

At TRYSQUAAD, we recognize the importance of protecting our users' information and are committed to maintaining the security of the data entrusted to us. This policy outlines the security measures we implement to protect data from unauthorized access, alteration, loss, or destruction.

### **2. SCOPE OF THE POLICY.**

This policy applies to all information that TRYSQUAAD collects and processes, including personal data of customers and users, financial information, and other sensitive data.

### **3. SECURITY MEASURES.**

- **Physical Measures:** We control physical access to our facilities and use security measures such as security cameras and alarms to protect our systems and data.
- **Technological Measures:** We implement cutting-edge technologies, such as data encryption, firewalls, and intrusion detection and prevention systems, to safeguard our information systems.
- **Organizational Measures:** We train our employees in information security practices and apply access policies based on the minimum necessary privilege.

#### 4. SECURITY INCIDENT MANAGEMENT.

- **Detection and Assessment:** We continuously monitor our systems to detect security incidents. If a vulnerability or suspicious activity is detected, we assess the impact and prioritize the response.
- **Response and Mitigation:** In the event of a security incident, we respond quickly to mitigate any damage. This may include isolating affected systems, removing malware, and correcting vulnerabilities.
- **Recovery and Review:** We work to restore any affected services and review the incident to improve our security measures and prevent future occurrences.

#### 5. ROLES AND RESPONSIBILITIES.

- **Security Team:** A dedicated team is responsible for implementing and maintaining the information security policy and for responding to security incidents.
- **Employees and Contractors:** All our employees and contractors are required to comply with this policy and to report any security incidents they observe.

#### 6. REVIEW AND UPDATE OF THE POLICY.

We review and update this information security policy annually or more frequently if necessary to respond to new security challenges and risks. Modifications to the policy will be communicated to all employees and stakeholders.
